Treasure Valley Kick Off to National Police Week 2015

In 2012 Modern City Entertainment along with Wayne Derrick and Bill Erfurth, directed and produced a documentary, *Heroes Behind the Badge*. It features brave men and women of law enforcement who put their lives on the line and survived, and those who made the ultimate sacrifice. This inspiring documentary will change the way we look at the men and women of law enforcement and highlight the unselfish acts of bravery they commit each day in the line of duty. The stories are powerful, emotional, insightful and educational. In partnership with The National Law Enforcement Officers Memorial Fund, active duty police officers, retired officers and family members of the fallen. Audiences will experience what it's really like to walk the thin blue line.

Heroes Behind the Badge

Why a movie that documents the brave acts of officers who both survived and made the ultimate sacrifice in the line of duty? The answer is simple. It's about informing the community on what each and every officer sacrifices when they put on that badge, strap on the duty belt and walk out the door. Many people think they know what we go through every day. They think they know the sacrifices we take on a daily basis. "When there is danger down a dark alley way. It's the unknown that lies beyond the darkness. When everyone else steers clear or runs out of it, we as law enforcement go in, it is phenomenal. We don't ask questions because that is our job." We make our communities safer places to live, grow and play. All because we chose to do this job. No one forced our hands in this. We volunteered for this. We beat our bodies and our minds over and over again to get the chance to place our names alongside the bravest. This is such an extraordinary line of work and with extraordinary people.

This event is also to help our local community, our family and our friends better understand what we do every day we put the uniform and badge on and say good bye to our loved ones, day in and day out.
